

## COVID-19 Destination Protocol, Cyprus – updated 15<sup>th</sup> May 2022

### A. Entry into the country

Q1(a): *What are the requirements for entry into the country?*

Below is a summary of the entry requirements when somebody is traveling to Cyprus.

<b>Entry requirements</b>	<b>Persons who are fully vaccinated*</b>	<b>Persons who are recently recovered*</b>	<b>Non-vaccinated and non-recovered</b>
Completion of passenger locator form prior to travel (Cyprus Flight Pass)	No	No	No
PCR test 72h or antigen rapid test 24h prior to departure (traveler-paid)	No	No	Yes
PCR test upon arrival to Cyprus (traveler-paid)	No	No	No

\* **Definition of fully vaccinated or recently recovered persons can be found in Q1(b)**

Q1(b): *What procedures are in place for persons who have been fully vaccinated or are recently recovered from COVID-19?*

Vaccinated or recovered passengers may enter the Republic of Cyprus, provided that they fulfil one of the following conditions:

- i. They hold a European Digital COVID Vaccination or Recovery Certificate, or equivalent Vaccination or Recovery Certificate from third countries that have joined the EU Digital COVID Certificate System (EUDCC).
- ii. They hold a valid certificate of vaccination issued by the competent Authorities of any third country.

It should be noted that, vaccination certificates issued by the competent authorities of: Albania, Andorra, Armenia, Austria, Belgium, Benin, Bulgaria, Cabo Verde, Croatia, Czech Republic, Denmark, El Salvador, Estonia, Faroe Islands, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Jordan, Latvia, Lebanon, Liechtenstein, Lithuania, Luxemburg, Malta, Moldova, Monaco, Montenegro, Morocco, Netherlands, New Zealand, North Macedonia, Norway, Panama, Poland, Portugal, Romania, San Marino, Serbia, Slovakia, Slovenia, Singapore, Spain, Sweden, Switzerland, Taiwan, Thailand, Tunisia, Togo, Turkey, Ukraine, United Arab Emirates, United Kingdom and the Crown Dependencies (Jersey, Guernsey and Isle of Man), Uruguay, Vatican City State, **are only being accepted in digital form through the EU Digital Covid Certificate or equivalent** – see further information in Q2.

Cyprus considers as authorized for travel purposes, the following vaccines: AstraZeneca, (Vaxzervia, COVISHIELD, SKBio), Pfizer/BioNTech, Moderna, Johnson&Johnson/Janssen, Sputnik V (Gam-COVID-Vac), Sinopharm (BBIBPCOVID-

19), Sinovac (CoronaVac), Covaxin, Novavax Nuvaxovid COVID-19, CovaVax and Sputnik Light (the latter only as a booster dose in the basic vaccination scheme).

Travelers aged 18 and over are considered fully vaccinated only if a period of 270 days (9 months) has not elapsed, after administration of the 2<sup>nd</sup> dose of a two-dose vaccine or the 1<sup>st</sup> dose of a single-dose vaccine. Otherwise, they should have received the booster/3<sup>rd</sup> dose in the case of a two-dose vaccine or the booster/2<sup>nd</sup> dose in the case of a single dose vaccine. Travelers aged under 18 are considered to have completed their vaccination scheme if they have received the 2<sup>nd</sup> dose in the case of a two-dose vaccine or the 1<sup>st</sup> dose in the case of a single-dose vaccine (in the latter case, two weeks must have elapsed from administration of the vaccine).

Persons are considered to be recently recovered from COVID-19, 7 days after testing positive and for a period of 180 days.

Travelers who can prove that they have received all necessary doses of an authorized vaccine or that they have recently recovered from COVID-19, will not be required to undergo any tests to visit Cyprus. It should though, be noted, that the Republic of Cyprus still reserves the right to randomly test any arriving flight, and in such a case fully vaccinated or recently recovered persons will not be exempted. For random testing, the cost is always borne by the Cyprus government. In addition, adherence to all destination protocols is expected by everyone, including fully vaccinated and recently recovered travelers.

Q1(c): *What procedures are in place for persons who are neither fully vaccinated nor recently recovered?*

Persons who are neither fully vaccinated nor recently recovered are required to undergo either a molecular test (PCR) at a certified lab, with the sample taken within the last 72 hours prior to flight departure, or an antigen rapid test at a certified lab, with the sample taken within the last 24 hours prior to flight departure. Children who arrive in Cyprus before their 12<sup>th</sup> birthday, are exempted from testing.

Q2: *What procedures are in place for persons who are holders of an EU Digital Covid Certificate (EUDCC) or equivalent?*

The following certificates are accepted as part of the EUDCC procedure:

- a. Vaccination certificate (issued upon completion of a person's full vaccination program). Cyprus considers as authorized for travel, the following vaccines: AstraZeneca, (Vaxzervia, COVISHIELD, SKBio), Pfizer/BioNTech, Moderna, Johnson&Johnson/Janssen, Sputnik V (Gam-COVID-Vac), Sinopharm (BBIBPCOVID-19), Sinovac (CoronaVac), Covaxin, Novavax Nuvaxovid COVID-19, CovaVax and Sputnik Light (the latter only as a booster dose in the basic vaccination scheme).
- b. COVID recovery certificate (valid 7 days after testing positive and for a period of 180 days).
- c. Negative PCR test, with the sampling being carried out within 72h prior to departure or antigen rapid test, with the sampling being carried out within 24h prior to departure.

Vaccination certificates and recovery certificates issued by the competent authorities of: Albania, Andorra, Armenia, Austria, Belgium, Benin, Bulgaria, Cabo Verde, Croatia, Czech Republic, Denmark, El Salvador, Estonia, Faroe Islands, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Jordan, Latvia, Lebanon, Liechtenstein, Lithuania, Luxemburg, Malta, Moldova, Monaco, Montenegro, Morocco, Netherlands, New Zealand, North Macedonia, Norway, Panama, Poland, Portugal, Romania, San Marino, Serbia, Slovakia, Slovenia, Singapore, Spain, Sweden, Switzerland, Taiwan, Thailand, Tunisia, Togo, Turkey, Ukraine, United Arab Emirates, United Kingdom and the Crown Dependencies (Jersey, Guernsey and Isle of Man), Uruguay, Vatican City State, **are only being accepted through the EUDCC or equivalent.**

Q3: *What documentation is necessary for traveling to Cyprus?*

- a. A digital or hard copy of any of the following is required for travel to Cyprus
  - EUDCC (see above for details)
  - Vaccination certificate (see above for details)
  - Recovery certificate (see above for details)
  - Proof of negative test (see above for details)
- b. Verification of the certificate's authenticity, is the sole responsibility of border control services in the country of departure. The traveler is responsible and personally liable in the event of provision of untruthful information, and in such a case, will be subject to penalties upon arrival to Cyprus.
- c. Airlines will not permit passengers to board the aircraft and travel to the Republic of Cyprus without possessing any of the above documents (however, checking the validity of the documents provided is NOT an obligation of the airlines).
- d. Immigration control services in Cyprus will also verify possession of any of these documents, upon travelers' arrival to Cyprus
- e. Any travelers arriving to the Republic of Cyprus without possessing any of the above documents will be subject to a fine.
- f. It should be noted that self-test results are not considered valid documents for travel to Cyprus.

## **B. Travel protocols**

Q4: *What protocols can be expected in Cyprus airports/port terminals?*

Wearing a mask is compulsory in all areas.

### **C. Movement within the destination**

Q5: *Are there any local restrictions on movement?*

There are currently no restrictions on movement and travelers can enjoy all kinds of services and facilities across the destination, without the need to present any health certificates.

### **D. Destination protocols**

Q6: *General protocols*

- a. Enhanced health, safety and hygiene protocols have been devised for all hospitality establishments, cultural sites and entertainment venues, and extensive training of staff has taken place prior to the destination opening for visitors.
- b. Physical distancing measures are followed, so that people who do not belong to the same travel group maintain a reasonable distance from each other.
- c. Adequate ventilation provisions are undertaken for all public indoor areas, so that apart from air conditioning there will be regular input of fresh air.
- d. Antibacterial gel/liquid is available in all establishments, at entrances, reception areas, lounges, public toilets, lifts etc.
- e. Use of masks is compulsory in all indoor areas for persons aged 12 and over (taxis, buses, diving/safari jeeps, lifts, theatres, malls etc.). Areas where people are seated whilst consuming food and beverage (restaurants, coffee-shops, bars, snack-bars, lobby bars, etc.) are excluded from this provision. In any case, travelers should always consult the Visit Cyprus website for the latest information on this matter, as procedures may change at short notice.

Q7: *Buses/rental vehicles/taxis/diving and safari jeeps/yachts*

- a. Frequent ventilation and disinfection
- b. Disinfection of rental vehicles or yachts after their return (including keys)
- c. Disinfection of all high frequency touch areas after every route (door handles, seats etc.)
- d. Capacity of tour buses is allowed at 100%

Q8: *Swimming pools, beaches and water parks*

- a. Disinfection of sun beds, umbrellas and personal safe boxes after every use
- b. Distance of 4m between umbrellas and 2m between sunbeds of persons not belonging to the same group
- c. Physical distancing does not apply to lifeguards who are called into urgent life-saving action

*Q9: Accommodation establishments*

- a. Indoor use of masks by staff; carrying out of appropriate hand hygiene, for all front-of-house staff; for housekeeping staff gloves are also compulsory
- b. Dispersion of guests at 'group check-in'
- c. Rooms will not be allocated to new arrivals, unless enough time has passed since the previous occupants left, for appropriate cleaning, disinfection and aeration
- d. Disinfection of room keys/cards after every departure
- e. Where food or drink is displayed on self-service stations, appropriate sneeze guards or face masks are availed, and hand disinfection stations are installed; alternatively, items could be served directly by the staff

*Q10: Restaurants, bars, cafes, pubs and night clubs*

- a. Indoor use of masks by staff; carrying out of appropriate hand hygiene, for all back-of-house and front-of-house staff
- b. Menus are disinfected after every use, unless they are disposable; alternatively, they will be displayed at various communal points of the establishment, or made available digitally
- c. Disinfection of all touch points is carried out after each use e.g., chairs, tables, salt/pepper mills, sauce bottles, electronic payment machines etc.
- d. An information sheet is made available at the entrance, displaying the maximum number of guests allowed in place at any given time

**E. Testing and quarantine procedures at the destination**

*Q11: Is random testing going to be done at the destination?*

Entire flights may randomly be asked to undergo a COVID-19 test upon arrival, irrespective of where they flew from. The cost in such cases is borne by the Cyprus government. Children who arrive in Cyprus before their 12<sup>th</sup> birthday, are exempted from testing.

*Q12: How will we deal with travelers who test positive during their stay in Cyprus? Who will cover the cost of hospitalization and treatment?*

- a. The Cyprus government is committed to taking care of all travelers who test positive for coronavirus during their stay. The government will transfer these persons to designated, covering the cost of lodging, food, drink, and medication; the traveler will only need to bear the cost of their airport transfer and repatriation flight, in collaboration with their agent and/or airline.
- b. A COVID-19 hospital with a surplus of available beds and intensive care units equipped with respirators, has been made available exclusively for travelers who test positive for coronavirus.

- c. A person who tests positive for coronavirus, may alternatively choose to self-isolate in a private home / apartment rental, at their own expense, provided that their room is not shared with others and that they do not make use of public facilities.

Q13: *What is the isolation duration for positive cases?*

The duration of isolation for positive cases is 7 days from the date of testing positive and they are then released without the need to test negative. The duration of isolation can be reduced further if a traveler tests negative for coronavirus on the 5<sup>th</sup> day after testing positive (test should be PCR and the cost borne by the individual). Note that during the isolation period, it is mandatory for the traveler to self-isolate in their room or designated spaces at all times.

Q14: *What is the definition of a close contact?*

- a. A close contact is defined as 'somebody who came into close physical contact to a person who has tested positive for coronavirus' i.e. at a distance of less than 2m for more than 15 minutes.
- b. Contact tracing from an airplane only includes passengers from the same family.
- c. It is recommended that close contacts of a person who has tested positive for coronavirus, perform a self-test on days 3 and 5 from the date of contact.
- d. For close contacts that are not fully vaccinated nor recently recovered, or a period of 7 months has elapsed from the date of their full vaccination, testing on days 3 and 5 is compulsory.
- e. Close contacts that are not declared by positive cases, can declare themselves as such, via telephone at 22514264, 22514258/9 (Monday-Sunday 08:00-20:00) or by e-mail at [contacttracing2@moh.gov.cy](mailto:contacttracing2@moh.gov.cy).

## **F. Further information**

Q16: *How can travelers be kept up-to-date with the latest developments, and informed about protocols implemented at the destination?*

- a. A dedicated email address has been set up by the Deputy Ministry of Tourism for this purpose at [travel2022@visitcyprus.com](mailto:travel2022@visitcyprus.com)
- b. A dedicated team of destination experts replies to traveler queries on Facebook Messenger ([www.facebook.com/VisitCyprus.cy](https://www.facebook.com/VisitCyprus.cy)).
- c. All relevant information is available on the website [www.visitcyprus.com](http://www.visitcyprus.com).
